

DANGEROUS CLAUSES IN INTER-URBAN AGREEMENT

Will the Proposed Contract Mean
That City Gives a Perpetual
Franchise?

CAN CONTRACT BE TERMINATED?

Clause Providing for its Termination
in Twenty-Five Years has Been
Eliminated.

Is the city granting the Interurban
Railway Company a perpetual franchise?

According to the opinion of eminent
legal authority in the East, it is.

And this franchise covers two
things. In the first place it grants
to the company the right to use the
city's streets apparently for all time;
and in the second place, its critics
say, it practically prevents the
company with a monopolistic control
of all the electric lines that can
be built around the present city limits.

At the council meeting tonight a
new redraft of the agreement with
the radial railway company will be
presented for final ratification. It is
clause in this agreement that gives
to the railway the right to build elec-
tric lines all around the present city
limits, and does not give the city any
control over them, even when these
lines are taken within the city limits.

Clause thirteen reads as follows:

"If the limits of the city of Ed-
monton shall hereafter be extended,
the company shall nevertheless have
the right to continue to own and op-
erate its lines within such extended
limits, and to collect tolls for freight
and passengers thereon as if said
limits had not been extended; provid-
ed, however, that at any time after a
period of fifteen years from the date
of the final passing of this agreement
the corporation shall be entitled to
take over such portion of the com-
pany's system as shall be so brought
within the limits of the City of Ed-
monton, at a valuation to be mutually
agreed upon, and if the corporation
and the company cannot agree within
sixty days, the valuation will be set-
tled by arbitration under the provisions
of the arbitration act."

"This clause shall not apply to the
lines of the company located on pri-
vate right of way, not being on a pub-
lic street; provided always that in so
far as the lines which may be taken
over by the corporation are concern-
ed, the company shall continue to en-
joy the running privileges over and
upon such lines on the same terms
and conditions as herein provided."

It is this little portion of the clause
that is in black type that is going to
do all the changing. At least that is
the opinion of Alderman Armsstrong
after he had taken a keen Eastern cor-
poration lawyer look over the agree-
ment.

"Give them that," said this lawyer,
"and in the end they will have your
whole street car system."

This morning the Capital asked Ald.
Armstrong what he thought of the
changes regarding terminals that had
been made in the agreement, and that
were announced in the Capital yes-
terday afternoon.

"It is a step in the right direction,
but it is not enough yet," said he.
"Why, according to the agreement as
it now stands the city is simply giving
the company a perpetual franchise. I'll
show you."

"In the very first place, by this
clause, the city has no right to take
over the lines of the company that
are built outside of the present city
limits when the limits of the city are
extended, if the company builds on a
private right of way."

"I have a clue that at this very
time the company are very busy buy-
ing up private right of way all around
the city. That means that they can,
as time goes on, build a perfect net-
work of lines around the present city
limits, and we can't touch them."

"The company, of course, are build-
ing for the future. They know that

GOVERNMENT HEADS SWEAR ALLEGIANCE

Oath was Administered to Lieutenant
Governor and Members of the
Cabinet This Morning.

There was quite a gathering of of-
ficials at the Lieutenant-Governor's
office this morning. His Honor had
issued instructions last night that all
officials meet there this morning to
take the oath of allegiance to King
George V.

Mr. Justice Stuart administered the
oath. Promptly at eleven o'clock the
Lieutenant-Governor swore his alle-
giance to the new King. He in turn
administered the oath to Mr. Justice
Stuart and then Judges Noel
and Taylor took the oath.

Premier Rutherford followed next,
and then in turn Hon. C. W. Cross,
Hon. Duncan Marshall, and Hon. P.
E. Lessard.

Then followed Magistrate Cowan
and the clerk of the Executive Coun-
cil, and several other minor officials.

A practice drill of the tourist forces
will be held this evening to prepare
for the ceremonies to be conducted
on the day of the funeral of the late
King.

THOUSANDS BURIED BENEATH DEBRIS

Red Cross Men and Soldiers Still
Busy in the Ruined City of
Cartago.

San Jose, Costa Rica, May 10.—
More than 1000 dead have been taken
from the ruins at Cartago. No one is
allowed within the precincts of the
devastated city except the Red Cross
workers and givers of soldiers and
volunteers employed in clearing away
the debris, removing the bodies and
dynamiting dangerous buildings. Even
in San Jose most of the residents are
living in tents and wooden structures,
fearing to occupy their homes, as the
earth tremors still continue. No living
person has been taken from the ruins
in the last few days and it is known
that there are still many beneath the
debris.

LAUREATE'S TRIBUTE

London, May 10.—Alfred Austin,
Poet Laureate, has written the follow-
ing on the occasion of the King's
death, entitled "The Truce of God,"
with the sub-title "A King's Bequest."

"What darkness deep as wintry
gloom,
O'er shadows joyous spring?

"In the wain the heralds bloom,
Vainly the woodlands sing,
Round royal shroud,
A mournful crowd.
Is all now left of one,
But yesterday a King.

"Thrones have been of hateful
fame,
Reared upon wanton war,
He we have lost still linked his name
With peace at home, afar,
For peace he wrought,
His constant thought,
Being how to shield his realm,
Against strife's baleful star.

"So let us now all seek to rest
From fateful feuds release,
And mindful of his wise bequest
From factions clamors cease,
Treading the path he trod,
The sacred truth of God,
The path that points and leads,
To patriotic peace."

Viola Cream, the ladies' favorite
face cream and skin food, a real ne-
cessity in spring and summertime, 25c
a bottle. Edmonton Drug Co.

fer from others. Kelly and Moore.

Here are the swell vests of the sea-
son at Kelly and Moore's.

THREE WERE MURDERED

Robbery was Evidently the Cause of
New York Tragedy.

New York, May 10.—Evidently vic-
tims of burglars, Chas. W. Benan,
a Hindoo butler, and Margaret Mesh-
am, an aged housekeeper, were found
murdered in the residence of Dr. Mott
D. Canaan at 131 West 122nd Street.
Examination of the physicians' study in
the rear of third floor of the residence
showed that the top drawer of a bu-
rden had been jimmied open and \$100
in bills and \$100 in silver and other
valuable gold solivers taken.

ROYAL DUKE FOR CANADA

Reported that King's Uncle will
Succeed Earl Grey.

ROOSEVELT TO BE AT THE FUNERAL
Will be Appointed Special Ambassador
for United States by President
Taft.

London, May 10.—It is stated that
the Duke of Connaught, in accordance
with the desire of King Edward
will succeed Earl Grey as Governor
General of Canada. It is also said
that Queen Mary's brothers, the Duke
of Teck and Princes Francis and Al-
exander of Teck will shortly be given
the title of Royal Highness.

Will Appoint Roosevelt

Passaic, N. J., May 10.—President
Taft will probably designate Theo-
dore Roosevelt as special ambassador
to represent the United States Gov-
ernment at the funeral of King Ed-
ward. He said today that he would
take the matter up with Secretary
Knox soon after he returned to Wash-
ington.

Kaiser at Funeral

Berlin, May 10.—It was officially an-
nounced today that Emperor William
will attend the funeral of King Ed-
ward, residing while in London at
Buckingham Palace upon invitation
of King George. The Emperor's de-
cision was denied until he could learn
the wishes of London. Last evening
His Majesty motored from Wiesbaden
to this city and had a long interview
with the British Ambassador, Sir Wm.
Edward Goschen, during which he ex-
pressed a desire to attend the funeral
if such a course would be agreeable
to the royal family of Great Britain.
This was communicated to London
and the affirmative reply was received
today.

Killed by King's Death

Minneapolis, May 10.—With a paper
in her hand relating to the details of
the death of King Edward, Mrs. Sa-
rah J. P. Noyes, aged 79, was found
dead here at her home. The coroner
attributed her death to heart failure
brought on by reading of the King's
death.

Calgary Council Adjourned

Calgary, May 10.—When the city
council met for its regular session last
night it adjourned after passing the
following resolution:

"The council of the city of Calgary
in session assembled desire to express
on behalf of the city of Calgary their
very deep sense of loss in death of
King Edward VII, and as an expres-
sion of that loss it is moved that the
council do now adjourn."

Saskatchewan Officials Take Oath

Regina, May 10.—At the court house
yesterday, shortly before noon, Lieut.
Gov. Forget took the oath of alle-
giance to His Majesty George V. Sub-
sequently the three ministers in the
city, Hon. A. Turgeon, Hon. W. R.
Motherwell and Hon. A. P. McNab
were sworn in before his honor. All
the judges and other public officials
 likewise went through the prescribed
 formalities.

Judges Swear Allegiance

Ottawa, Ont., May 10.—When the
Supreme Court assembled yesterday
the oath of allegiance was adminis-
tered to the judges present by Acting
Chief Justice Mr. Justice Gwynne,
and the court then immediately ad-
journed as a mark of respect.

KING CABLES HIS THANKS

Message Received by St. George's
Society of Edmonton.

QUEEN MOTHER ALSO GRATEFUL

The Society Has Decided to Parade
on the Day of the Late King's
Funeral.

St. George's Society, Edmonton,
Alta.

"The King thanks you for loyal and
sympathetic messages."

"Queen Alexandra sends her thanks
for your kind expressions of sym-
pathy in her sorrow."

These cablegrams were received last
night and read at the meeting of the
St. George's Society. The social pro-
gramme for the meeting was postponed
and several addresses were given
eulogizing the late King.

"Our prayers in his behalf on this
occasion to Britain's Throne were
answered," said Mr. G. W. Brough-
ton. "Our King fulfilled our fondest
hopes and surpassed our highest ex-
pectations, proving himself a King,
a manly, humane king, a kindly, noble
man."

He eulogized the glorious
heritage left him by Victoria, and hav-
ing received from her the key to the
British heart and affection, has hand-
ed it to this son and successor.

"Mr. Chairman and gentlemen of
the Royal St. George's Society of Ed-
monton—let us pause for a moment
at the bier of the mighty dead and
pray the King of Kings to rest in
peace the soul of Edward the Seventh;
and then lift heart and voice and say:

"God bless with long life, peace and
prosperity King George the Fifth."
The society will parade on the day
of the King's funeral.

Commission Leaves Toronto

Toronto, May 10.—The Al-
berta Royal Commission ad-
journed yesterday afternoon
until May 18th, when the sit-
tings will be resumed in Win-
nipeg.

WILL BUILD NEW CHURCH

First Presbyterian Congregation
Makes Important Decision.

WILL NOT SELL ITS PROPERTY
Offer Made on Behalf of Toronto
Capitalists of \$130,000 was not
Accepted.

At a general meeting of the First
Presbyterian Church last night it was
decided, neither to accept the offer
of \$130,000 for the church property,
nor to enlarge the present church
building, but to build a new church,
and not to sell the present property
until the erection was completed. The
new site will be chosen by the con-
gregation by ballot.

The first object of last night's meet-
ing was to consider the Mr. Evans'
offer of \$130,000 for the church prop-
erty, and the congregation were not
long in deciding that the offer, made
by Mr. Evans on behalf of Toronto
capitalists, had certain conditions at-
tached which precluded its possible
acceptance.

The real debate was on the question
of whether to enlarge the present
building, or to sell the property and
build a new church. Mr. George Har-
court was zealous in the former course
and Mr. K. W. McKenzie in the latter.
The meeting did not adjourn until
nearly midnight, but a decision was
reached which was in favor of build-
ing, but retaining the property until
the church was completed.

THE WEATHER.

Forecast—Manitoba: Strong north-
west wind, fair and cooler. Saskatch-
ewan: Fair and cooler. Alberta: Fair
and cooler, light showery weather.

HAD TO EAT HIS WORDS

New England Editor had Published
Editorial Against Dancing.

Quintana, Mass., May 10.—R. L.
Page, who edits a weekly paper here,
several days ago published an editor-
ial on the dances of society folks. He
called dancing "public hugging," and
intimated that no virtuous woman
would indulge in such a practice. Page
after an absence of several days re-
turned and was met by the citizens
and forced to eat the chipping from
the paper. He escaped his assailants
and left town.

HAWES GAVE HIS VERSION

Evidence of Toronto Witness Sup-
plied no New Material.

TRIED TO FINANCE THE ROAD

Had Expected to Get About 97 for the
Bonds—With a \$12,000
Guarantee.

Toronto, May 10.—The Royal Com-
mission which is investigating the Al-
berta and Great Waterways Railway
met here yesterday afternoon in Os-
borne Hall. The counsel present were
W. L. Walsh, K. C., L. M. Johnston
and R. B. Bennett and N. F. Davidson,
K. C., Toronto, on behalf of Alfred
Hawes, who was the witness under
examination.

Hawes said that he was a member
of the London Stock Exchange. He
had become a member of the syn-
dicate which had taken over the char-
ter of the Alhambra Railway in Novem-
ber or December, 1908. He had gone
to Edmonton with Davidson and
Faulkner and had met Cornwall there.

He had also met the Hon. Mr. Cross
in the Edmonton Club. He had seen
Premier Rutherford, but could not
remember whether he had mentioned
just what aid was required. He had
decided that they should get \$12,000
at 4 per cent. These bonds, he
thought, would have brought about 97.
Hawes was asked if he knew any-
thing about a payment of \$544,000 in
stock to Mr. Cornwall. Hawes said
that it had been demanded but that he
had objected to it because it would
hamper his efforts to finance the
road.

WANT CHANGES IN CORONATION OATH

Redmond, the Nationalist Leader,
Brings up Old Grievance in
Letter to Asquith.

London, May 10.—Redmond, the
leader of the Irish Nationalists has
sent a letter to Premier Asquith in
regard to the removal from the royal
accession oath of the words which
are so very offensive to Roman Catho-
lics. He asks the Prime Minister to
take steps to relieve King George
from using language at the commence-
ment of his reign which must wound
the feelings and outrage the faith of
Catholics throughout the Empire and
the world.

DO YOU KNOW WHERE THE COAL IS?

How many residents of Alberta know where the province's
supplies of coal are located? Most people are aware that there is quite
a lot of coal in Alberta, and if asked where it is, will generally re-
ply that there is a good deal in the neighborhood of Edmonton;
but that the principal deposits are in the southern portion of the
province.

The latest estimate of the Department of Mines of Canada
places the total coal area of Alberta at 16,588 square miles, of which
10,800 square miles, or about two thirds of the total, are credited
to the Edmonton formation. The estimated coal contents of the
Edmonton formation is placed at 60,000 millions of tons, the total
estimate for the province being given as 89,370 millions. Edmonton
is therefore easily the centre of the largest coal fields, not only in
Alberta, but in Canada.

This abundance of cheap coal, with the ample transportation
facilities already provided with more in prospect, is what gives Ed-
monton assurance of becoming the chief industrial centre of the
prairie provinces.

EVEN COWS WON'T DRINK THE PIGEON LAKE WATER

NEW COLLEGE AT THE UNIVERSITY

Roman Catholics Will Establish a
Preparatory School and Later a
Theological Seminary.

A new preparatory school and a new
college are to be added to those in
situations already affiliated with Al-
berta University at Strathcona. They
are to be established by the Oblate
Order of the Roman Catholic Church.
The preparatory school will be for
boys intending to become missionaries
in the order and will be similar to
schools already existing in Winnipeg
and Ottawa.

The site for this academy will be
just east of the Strathcona city lim-
its on about eight acres recently pur-
chased from Hon. A. C. Rutherford.
Plans for the building have already
been prepared and it is expected that
the construction of one of the wings
will be gone on with this summer.

It is also possible that the Roman
Catholic Church will erect a theologi-
cal college to be in affiliation with
the University. Graduates from the pre-
paratory schools will then be able to
complete their training for the priest-
hood right at the Alberta University.

CHARGED WITH DOUBLE MURDER

Montreal Policeman Thinks That
They Have Man who Killed Two
Policemen.

Montreal, Que., May 10.—It is
thought by the city detectives that
they have caught the thief who mur-
dered Constables Forth and O'Mooney
on Friday night. The man is Timothy
Canby, a Liverpool Irishman, and he
was arrested yesterday as the result
of a description published in the Ga-
zette. Canby had been employed as
night watchman at the Ames Holden
factory a few blocks from the scene
of the double murder, for the past two
weeks, and as such was provided with
a revolver.

After reading the description of the
stolen rubber boots the Ames Holden
people examined their stock and they
found similar goods missing. Canby's
arrest followed, and since then a good
deal of circumstantial evidence has
accumulated. He was identified
amongst a number of others by prop-
rietors of second hand stores where
the thief had tried to sell the boots.

It was also found that he had pur-
chased the time clock at the factory at
9.45, about five minutes after the dou-
ble murder had been committed, al-
though he was not supposed to punch
it until 9.45. This would indicate
that he had escaped and in his agita-
tion had immediately punched the
clock with the idea of proving an alibi.

Bloodstains were also found on his
clothing and in addition he had re-
signed his job alleging that his wife
was sick and had sent for him to re-
turn to England.

Cattle Refuse to Drink it

"It is stated that for a certain pe-
riod each year, or in some years, the
water is so bad that cattle refuse to
drink it. The owner of one of the
saw mills on the lake informed me
that the lake is covered with green
vegetable growth at times, not only
the surface of the lake, but to a con-
siderable depth."

"The city must have first hand in-
formation in all these conditions, the
investigation covering a series of
years."

"Deciding on a proper location for
a plant on the river is also fraught
with many uncertainties and therefore,
in my opinion, the present plant should
be supplemented by sufficient machin-
ery to meet the demands of the city
for a period of at least five years."

Save City \$100,000

In passing upon the plans of sewage
work contemplated for immediate
construction, Mr. Potter shows how
the city can save \$100,000. He says
as follows:

"Conditions affecting sewage dis-

Water is Very Bad Sometimes,
Says Alexander Potter, Good at
Other Times.

MAKES REPORT TO COMMISSIONERS

Declares he Can Save City \$100,000
in This Year's Plans for Sewerage
Extensions.

"The problem of a permanent water
supply is too great, the City of Ed-
monton is, at present, in too much
of a transition state and the data re-
garding the various possible sources
of supply too meagre, to warrant any
decision in the near future as to where
the permanent water supply should
be secured."

"Additions must, however, be made
in the near future to the present plant
to meet the growing demands of the
city and I will prepare plans for the
addition to and changes in the pres-
ent plant to insure a proper and safe
supply."

So says Mr. Potter, New York ex-
pert in water and sewerage systems,
in a report that he handed to the com-
missioners yesterday afternoon.

Permanent Water Supply

In speaking about the various means
of a permanent water supply, Mr. Pot-
ter says:

"There is no doubt whatever that the
Saskatchewan river either as or can
be made at all times a suitable,
safe and sufficient water supply for
Edmonton for all time. The water
of the Saskatchewan, however, is much
treated at least a portion of the time.
Data is being collected that will show
the cost of, and the best method of
treating the water. The sewerage
and drainage of Edmonton and Strath-
cona will have an influence on the
problem."

Investigated Pigeon Lake

"Discussing Pigeon Lake, there are
many conflicting opinions as to its
volume, quality and cost of construc-
tion. Upon none of these points have
we any reliable data."

"After a three days' trip to Pigeon
Lake and vicinity, I am fully con-
vinced that it is a project worthy of
investigation and consideration, as a
future source of Edmonton's water
supply. At the time of our visit it
was a most attractive and apparently
pure body of water. The percentage
of sandy or gravelly shores is much
greater than I anticipated, it is just
such a body of water that might easily
cause its sponsors honestly to urge
its adoption upon the city. But it
would be folly and in my opinion, im-
proper to commit the city to its adop-
tion until data concerning it cover-
ing a series of years is available. The
rainfall, evaporation and daily run off
should be observed for a number of
years. The physical and chemical
qualities of the water must also be
determined."

"It is stated that for a certain pe-
riod each year, or in some years, the
water is so bad that cattle refuse to
drink it. The owner of one of the
saw mills on the lake informed me
that the lake is covered with green
vegetable growth at times, not only
the surface of the lake, but to a con-
siderable depth."

"The city must have first hand in-
formation in all these conditions, the
investigation covering a series of
years."

"Deciding on a proper location for
a plant on the river is also fraught
with many uncertainties and therefore,
in my opinion, the present plant should
be supplemented by sufficient machin-
ery to meet the demands of the city
for a period of at least five years."

Save City \$100,000

In passing upon the plans of sewage
work contemplated for immediate
construction, Mr. Potter shows how
the city can save \$100,000. He says
as follows:

"Conditions affecting sewage dis-

(Continued from page eight.)

STOCKTAKING BARGAINS

for WEDNESDAY

at the

Hudson's Bay Stores

WE ARE now in the midst of Stocktaking. Everyday brings to light something which we find we are too heavy in for this time of the year. The result is a determined effort on our part to lower at all cost this surplus stock.

For Wednesdays Sale we have thrown out several lines which must be cleared. These have been priced in such a manner that they will simply melt off the counters. Come early. What will be our loss, will be your gain.

A sacrifice on Ladies Dressing Jackets

45c

There are only ten of these, so it means quick action if you want them to share in them. Some are made from white lawn with Dutch Collar, tucked fronts, others are made from colored prints in the Kinoma style. Regular 75c & \$1. **WEDNESDAY SALE 45c**

A clearance line of Royal Worcester Corsets

\$3.00 for \$1.35

These are old lines which the makers have given up making. There are two or three styles to select from and likely as not there will be one to suit you. Regular 3.00. **SALE PRICE \$1.35**

Something New in Men's Summer Hats

Here's a line of Men's Hats which promises to be very popular this summer. They are made from a Waterproof linen in checks and stripes, and in all the new shades. Special on **WEDNESDAY 75c**

Men's Summer Working Shirts

75c

Don't miss these as they are exceptional value. They are English manufacture and made from a good quality oxford Shirting with collar attached, all good patterns. Good value at \$1. **WEDNESDAY 75c**

Sensational Price Cutting on Ladies lawn Waists

On Wednesday we are clearing out an accumulation of odd styles in Ladies Lawn Waists. These must be cleared no matter what the loss may be for we will not take them into stock. Many of them are worth up to 2.00. Some have embroidered fronts while others are elegantly trimmed with lace and insertion, short and 3/4 sleeves. **Wednesday Sale 95c**

Big Bargains in Sunshades

An immense consignment of sunshades has just arrived direct from the English manufacturers. It is with much reluctance that we are compelled to considerably lower these; but it must be done, as we find we have bought too heavy; and owing to delay in shipment, it makes it imperative that the stock be lowered without a moments delay. Come and inspect this display of loveliness. Now is the time to buy.

Several lines which are good value at \$1.75 and \$2.00 will be thrown out for Sale on Wednesday **\$1.25**

A Flurry in Ladies' Colored Muslins Dresses

Short and sharp will be the selling on Wednesday when we place for sale a number of odd styles in muslin dresses at half-price. Won't there be a rush for these. Better be here early if you wish to share in them as they will quickly be snapped up. We have both the one and two piece styles; beautifully made all daintily trimmed with lace insertion. Regular prices from \$5.00 to \$15. **Wednesday sale Half-Price**

Specials from our Shoe Section

Here are a few lines which will be thrown out for clearance on Wednesday.

Ladies' Vici and Patent Bals. (Burs) Reg. \$6.50. **Wednesday Sale 4.50**

Ladies Patent Ties and Pumps. Reg. \$5.50. **Wednesday Sale 4.25**

Stirring Values in Embroidered Linen Robes (Semi-Ready)

These are a direct importation and exceptional values. The work is hand embroidered and of the finest quality. The skirts are semi-ready and can be made to fit anyone with little trouble. For Wednesday we have priced them at **\$5, \$6, \$7, \$8, \$10, \$11 and 12.00**

A clearance line of Colored Worsteds Suitings 75c

This is a line which we have reduced in price as we are too heavy in them. They are all wool, 46 inches wide, invisible stripe effects in a full range of the latest shades. Extra good value at \$1.00. **Wednesday day Sale 75c**

Hudson's Bay Company

JASPER AVENUE EDMONTON, ALTA.

CALGARY HOST'S PECULIAR WAYS

Hotel Man Struck Guest and Police Said it was Just his Little Way.

An amusing little talk is going the rounds about Calgary—to be precise, about the manager of a Calgary hotel.

It so happened that an Edmonton man, about a week ago, went to Calgary, on business, it is supposed, because who would imagine anybody going to Calgary on pleasure. The hotels were all full, so full in fact that there seemed to be only one vacant room in the whole of the city. To be strictly accurate this room was only semi-vacant—there was another man in it. However, the Edmontonian took his portion of the room and when the time came he addressed and went to bed; but before turning off the light, he decided that as it was warm the window must be opened for hygienic purposes. This he tried to do, but owing to the fact that the window being minus any cords or weights he was compelled to use a drawer out of the wardrobe to prop it open. Here ended the night's adventures.

Everything went well until he descended in the morning to pay his bill and depart in peace, when the manager leaned confidentially over the desk and said:

"So you're the man who has been destroying my furniture."

Our friend replied that his mental faculties were in excellent condition but that he did not understand.

The manager grew more apologetic as the conversation went on, all attempts to pacify him and explain were futile, and the climax came when the manager leaned forward and struck the visitor on the face. The wounded gentleman being of small stature, decided that "discretion was the better part of valor," and turned to the surrounding crowd in search of those who would act as witnesses for him; in the meantime the manager seized his guest's bag and hurled it violently into the street—the guest following his possessions quickly lest he should share the same fate.

The affair was reported at the police station, but the police seemed unwilling to act in the matter, in fact, the visitor was told that this treatment of his guests was a habit of the manager's, well known to the habitués of the hotel.

The injured guest has returned to Edmonton.

And he will stay in Edmonton. This little tale should be a warning to those who are compelled to visit Calgary. Be careful in choosing your hotel. Don't prop open the window with the wardrobe drawer, because you run the risk of being "hurled violently" into the street.

NO LOTS TO BE SOLD THIS YEAR

B.C. Government Decides to Hold its Land in Prince Rupert and so will G.T.P.

Vancouver, May 10.—The Provincial Government will not this year sell any more of its property in the townsite of Prince Rupert. A statement to this effect was made today by Hon. W. J. Bowser, Attorney-General, who arrived this morning from Victoria, to spend the week-end in Vancouver.

Although Hon. Mr. Bowser added nothing to this late announcement in explanation of the reasons for the government's decision it is reported that this determination was reached when it was recently decided by the executive council to insist in second payments being made this month on account of the property bought at the Prince Rupert auction sale of a year ago.

Vancouver men owning property in Prince Rupert express themselves as well satisfied that no more government land will be sold there this year. With no more land on the market property values will tend to stiffen and trading generally will be more active.

It is understood that the Grand Trunk Pacific Railway Company will follow the lead of the government and withhold its property at Prince Rupert from the market. Last week it was announced that the railway company would, like the government, insist on second payments being made when due, but it is now learned the railway will not be too exacting in this respect. The company has some \$800,000 falling due this year on second payments for lots sold last summer.

FORT GEORGE HAS BOARD OF TRADE

Automobile Service Cuts Down the Trip from Ashcroft to Fort George to Three Days.

Fort George, May 10.—A board of trade has been organized by sixty-five leading citizens. The following officers were elected: A. G. Hamilton, president; W. D. Kennedy, vice-president and W. F. Cook, hon. treasurer. W. J. McKay and J. V. Shaw, together with the officers named, will form the executive organization. Suggestions for the improvement of the mail service and immediate placing on sale of the government lots were made to the committee for the first actions of the organization.

There are six autos now running between Ashcroft and Soda Creek. The trip to Fort George can be made now in three days from Ashcroft.

Fort George is now quite fully supplied with provisions and building materials. The freighters have struck at Ashcroft, however, and much freight is tied up in consequence. The express company is arranging to get teams and wagons for their own service. The Du Boise hydraulic works at Lydiate have engaged a large number of the freighters with teams for work on the big ditch being constructed, causing shortage in part. There are no horses to be had on the Cariboo Road, and they are being brought in from the prairies.

Shot His Own Hens

Two neighbors kept hens and quarrelled because they scratched up each other's potato rows. One sold his hens, unknown to the other, who made a large run and fastened his hens up, saying:

"Now, the first hen I see in my garden I shall shoot."

Next day he saw a hen scratching, as usual, so he got the gun and shot it, then threw it over his neighbor's rails, saying:

"Take your hen!"

The hen was picked up, taken in, and cooked.

The following days the same thing happened. Still the neighbor took them up and said nothing till the seventh came over and hit him on the head. Then he picked it up and threw it back at his neighbor, saying:

"Eat your own old hens! We are tired of eating them, and prefer a brace of pheasants. I sold my hens over a month ago."

Cause and Result

A colored blacksmith in Georgia was recently engaged in shoeing a mule when the mule switched around suddenly and kicked him on the head. A few days afterwards some one asked the mule's owner if the blacksmith was much hurt. "I don't know anything about 'th' blacksmith," he said, sourly, "but I know one thing, I've got a fool mule that's going around on three legs."

Spanish General Election

Madrid, May 9.—The general elections will be held on May 8th. One hundred and fourteen deputies, whose candidacies are uncontested, have been officially declared elected and will not figure in the voting. They comprise 69 Liberals, 34 Conservatives, 3 Republicans, 3 Carlists and 5 other parties.

Unanswerable Questions

Why doth the little busy girl? Pile on her pretty head? A switch, a puff, a bird, a curl, Of ladies who are dead?

Why doth she then with eadm delight Perch on the top of that A most absurd bombastic fright, A horror of a hat?

Why does she then her pretty shape Hide in a laces gown, That hath no graceful curves to drape? It's only up and down.

Why doth she hic herself to lunch, Study the bill of fare, And then proceed to buy and munch One chocolate eclaire?

Why doth she softly murmur no, When what she means is yes? And when she knows it isn't so, Why doth she acquiesce?

Why doth she dance us round in glee, Like puppets top of the strings? And yet in secret, why doth me Love her for just these things? —Carolyn Wells, in the Sunday Magazine.

HUSKIES BEAT
THE MINERS

Carney's Team do not Seem to Have
Much on Lethbridge—Errors Beat
Locals.

Lethbridge, May 9.—Carney's bunch added another to their list of victories tonight taking the big end of a score of 2 to 0. Both Manning and Pich pitched good ball but the former was tight as was in tight places, and had good support. In the first the Miners got three on bases, but Dudley was unequal to the test of bringing anyone home. In the second the Miners filled the bases again with one down but Manning fanned MacKin and Head. In the sixth he did it again, retiring O'Hayer on strikes with two on. The locals showed lack of training by making several errors and being unable to hit at critical times. The folding was snappy throughout with no special features. The game was called in the sixth on account of darkness.

The score:

Calgary	AB R H P O A E
Duggan, ss.	3 1 0 0 1
Carney, r.f.	2 0 0 1 0
Clyne, l.f.	3 0 1 0 0

Score by innings:
Calgary 000 110—6
Lethbridge 000 000—0
Summary.—Errors runs, Calgary 1; sacrifice hits, Kelley, Carney, Smith, Connors, Cox; struck out, by Manning 5, MacKin, Head, Brogan 2, O'Hayer, by Pich 3, Clyne, Manning, Flanagan, bases on balls, off Manning 0, off Pich 2; double plays, MacKin to O'Hayer, Clyne to Flanagan; wild pitch, Manning; passed ball, Lynch; stolen bases, Clyne, Lynch; time, 1:30; attendance, 300; umpire, Longmeyer.

WRESTLING IS
NICE PASTIME

Shad Link gets Stabbed During the
Progress of a Bout—Why not
Wear Chain Armour?

Toronto, May 9.—Charging that Raoul de Rouen, the big French wrestler, who met Mahmoud, Zbyzsko, Fred Bell, and other top notches, recently, deliberately tried to have him disabled, Shad Link, the Baltimore Tiger, a heavyweight, wrestler, meeting all comers, on the burlesque circuit, pulled off his shirt in the Star Theatre, yesterday, and showed a fourteen inch gash behind his left shoulder.

"The Frenchman and I met three times," said Link. "I thought from his reputation that he would have me all over the lot, but I found that I was just as good a man as he was the first night, and the second I almost threw him in the 15 minutes. The third night, Saturday night, we were to wrestle to a fall. I went right at him, and it looked as if I would win in a walk when he got me standing upright next the footlights and deliberately pushed me over. I landed in the laps of two men in the front row, 12 feet from the stage, and this gash is what I got. Now you cannot tell me that those men were fooling with knives sitting in the theatre. It certainly was a knife that cut me and I think that it was a plant all around to get me. They certainly did, too, for I fainted on the stage and had to be taken home in a hack."

The cut certainly looks like a knife cut.

Nearly every time Bugs Raymond quits the Giants he pitches a good game the next time he goes on.

NORWOOD WON FROM
THE SONS OF ENGLAND

In a Ragged Game of Football Last Evening Score
Was 1 to 0—Shooting Very Weak.

There was a large attendance at the Second street grounds last evening to witness the football match between Norwood and the Sons of England.

It was the first appearance of the S. O. E. in city football ranks and the spectators were anxious to get a line on the newcomers. Clad in red and white jerseys they are a stalwart bunch and in the course of a week or so they will be a hard team to beat. At present their play is ragged, and the forward line displays very little combination. The centre men are a trifle slow in getting away with the ball and do not score in on the goal. The outside forwards, especially Jennings, are speedy and centre the puck nicely. The backs look like the strongest part of the S. O. E. team and Jessop in goal showed up nicely.

Norwood did not play up to their last year's form. They also lacked combination on the forward line, but in Adams and McIntosh have two men who play rattling fine football. Cameron and Forest are a strong back line and checked the opposing forwards with great vigor. Colville in goal had a quiet evening, as there were very few shots that necessitated much effort to stop.

The game, which was well handled by Referee Miller, started with Norwood forcing the play, and for ten minutes they buzzed around the Sons of England territory. Then McIntosh, standing unchecked, scored the only goal of the match for Norwood. S. O. E. backed up towards the last of the first half and were on the verge of scoring on several occasions, but their shooting was weak.

The second half was much faster football. Norwood started off with

great vim and Adams and McIntosh from the left wing sent in some deadly shots which were well handled by Jessop. Urged on by their adherents the Englishmen took command of the situation and kept the ball in Norwood territory for fully fifteen minutes. Moore came very near scoring one which Jessop stopped cleverly. Jessop averted danger. Cameron also showed up splendidly on the defensive and relieved matters on many occasions by long kicks. The fast of the second half was even and neither team seemed to have much the better of the struggle. There was one time in this half that Norwood looked like getting a goal. Adams shot in a long one which Jessop stopped cleverly but Norwood got possession on the rebound. Then followed a lively scrimmage, which only ended when the S. O. E. goal keeper knocked the ball out of bounds. Final score 1 to 0, favor Norwood.

Norwood played with trepe badges on their arms out of respect to our late King.

The teams lined up:

S. O. E.	Norwood (1)
Goal	Colville
Backs	Whitehead Cameron
	J. Jennings Forest
	Halves
	Bell Alexander
	Holyrood J. McSporn
Forwards	S. Jennings Adams
	Mucklow McIntosh
	Moore Jackson
	Crichtley McKinnon
	Referee: Miller.

WANTS REFORM
IN THE A.A.A.A.

Correspondent States that Governors
be Actively Interested in Amateur
Sport—Tired of Old Times.

Sporting Editor, Capital:

Dear Sir.—In reply to Pedestrian's letter of April 27th I would like to have a little space in your sporting column.

I thoroughly agree with Pedestrian that the Alberta Amateur Athletic Association should manage their own championship meet no matter where it is held. His suggestion of holding the provincial meet a sufficient length of time before the Dominion meet is a good one, as it would give the A. A. A. a chance of sending or assisting to send the best of our champions down east to compete for Dominion honors. Now that Lethbridge has given the meet I think it is the duty of every athlete and supporter of athletics in the province to make it a success.

Limonet, Calgary and Lethbridge, representing the Northern, Central and Southern parts of the province should now be fixed definitely as the best held. If the present policy of giving the meet to the town with the most pull is continued you never know when it will stop. Midnapore may even wait it next year. You never know.

I think the time has now come for Alberta athletes to go ahead, and so that it can be managed properly changes are needed in the A. A. A. A. executive. At present there are too many "finger-men." I cannot see the reason for putting men who loom largely in the political limelight on the A. A. A. A. No doubt some of them have taken an active interest in sport in their younger days, but now that they are interested in the game of politics, I think it is only reasonable that we have men managing our affairs who are in close touch with athletics, and who can spare some time to give athletes the attention necessary to bring Alberta into the very front rank in the Dominion.

Yours,
"SPORT"

FRED TENNEY'S
DAY IS ENDED

Manager McGraw Decided Sterling
Player is Too Slow for the Giants
—Fifteen Years with Majors.

Fred Tenney's days of usefulness to the New York Giants have passed, and the one-time king of the first sackers is scheduled to draw his release slip. This is according to information John McGraw, leader of the Giants, has passed out to his friends.

The passing of Tenney from the big league means the going of the last of the stars who won pennants for the Giants in 1896, 1897 and 1898. What an aggregation of ball tossers that old Boston bunch was. Duffy, Hamilton and Stahl in the gardens. Collins on third, Lowe second, Herman Long short. Tenney first, Bergen and Gaud catcher, and Nichols, Kibiedanz, Lewis and Stivers, pitchers. Tenney is the last one of this old guard to remain in classy company of the big leagues.

Tenney joined the Boston team in 1894 as a catcher, coming direct from Brown University. Although left-handed, Tenney made good back of the bat, but he didn't come into his own until he replaced old Tom Tucker on first base. Then he became the marvel of the baseball world and for years was regarded as the best first sacker in the game.

Last spring Tenney showed up, as this spring, before reporting to the Giants at Marlton, Texas, he had an operation performed on his foot, which he hoped would benefit him. At Dallas McGraw announced that he would play Markle regularly on first, but would hold Tenney in reserve. Markle has made such a good show since the initial sack as to preclude the possibility of Tenney regaining his regular position.

Unlike most athletes, Tenney has saved his money and has a beautiful home at Winthrop, Mass., a suburb of Boston. He is an accomplished artist with water colors, and is also clever writer, having had considerable experience in practical newspaper work, so when the release slip is handed him, he will not regret the worry over the future. It is also probable that he could get a job managing a minor league club without difficulty.

ALF. FIDLER PRAISES
BILL CARNEY'S HUSKIES

The Ole Hoss Decides Calgary is the Team to Beat—
Gossip of Other Clubs.

(Alberian)

Alf. Fidler, pitcher of baseball in Alberta, happened to be in Medicine Hat for three days last week and saw every game between Calgary and the Hat. He is very enthusiastic over the team and as far as he can see there is only one team in the big race. He thinks that Medicine Hat also has a very good team but Calgary outclasses it to a very considerable extent.

"The team that beats Calgary is going to win the pennant," is the way that Mr. Fidler puts it. He hasn't heard of any team that is going to do the beating.

Mr. Fidler thinks that the team is very evenly balanced and there is no weak spot in it. That is one of the features of it. With Padock on the team the pitching staff is complete.

"It is inside baseball all the time," said Mr. Fidler. "Every man knows just what he is going to do and how to do it. The infield is very fast. Connors has to keep going all the time to keep up with Duggan, Smith and Kelly, but he uses his head all the time. All the men are keeping the think-tank working."

"Stanley, to my way of thinking, is one of the most valuable men on the team. He does what they don't want as much of a demonstration as some of the fancier guys but he keeps his brain moving and directs the infield very nicely. The pitchers told me that a man who couldn't pitch to Stanley shouldn't call himself a pitcher."

Mr. Fidler says that the game that Geagan pitched on Friday night was a wonder. There were only two hits registered against him and one was a fluke and might easily have gone about the middle of the first or second. Children made a clout and that was all.

OPENING DAY
IN CALGARY

Proceedings will Commence with Automobile Parade—Bands will Play and Then Huskies will Lose.

Extensive preparations are being made in Calgary for the opening baseball game in that city tomorrow. Our own Eskimos are to be rather important factors in the opening game. The big feature of the auspicious occasion, outside the game itself, will be the parade. Judging from an article in the Optimist, this will be "some" parade, and that article is, for it predicts: "Yes, there is going to be a parade on Wednesday, that is decided. Notices have been sent out by the secretary of the Automobile Club, requesting everybody to turn up on this parade, and that article is, for it predicts, automobile runs or any other kind of parade, fail, the chance of seeing a baseball game free should have the needed effect."

"The participants of the parade are best described by the circular sent to the auto owners in the city as follows: 'The Calgary Professional Baseball series will be played in Calgary on Wednesday, May 11th, at 3:30 p.m. It is the desire of the directors of the club to have an automobile parade to precede the opening, and we wish, if possible, to have every machine in town in the parade and ask that you co-operate with us in this respect. As far as possible, we desire to have all the cars divided into groups, according to manufacture.'

"The parade will be led by the Fire Department Auto, followed by a band in an autobus. The parade will start on Fourth street West, north of Eighth avenue, and we will appreciate the owners of machines being on the grounds promptly at 2:15. All drivers of machines will be furnished with free admission to the grounds. Please come on hand to help us, and any further information required will be furnished by the secretary."

S. O. E. FOOTBALL TEAMS

The S. O. E. "A" team will play the "B" team on the Exhibition grounds, Thursday, May twelfth, at 7:30 p.m.

that there was to it. But the Hat never had the remotest kind of a chance to score. There was nothing to it in that direction.

He liked Manning too, and Pete is much better than last year. All the men are working well, but Tallant hasn't started to hit.

"Another thing that goes some distance in this country is that they are very gentlemanly players," said Mr. Fidler. "There is no senseless chewing at the umpires. The story about Carney being a bit hard on the umpires isn't true. Why, in the second game, with men on first and third, Bill hit a two-sacker, scoring the pair. It was clearly fair, and the Hatter catcher said so, but Boss called it a foul. There was no run in on the umpire and the Hat grandstand complimented the Calgary fellows for not doing so. Bill then went in and swatted a three-sacker."

Mr. Fidler saw the Edmonton crowd work at the practices and though the Deacon has a few good hits like Morse, Baxter, Luss and Olsen, it isn't as good a team as Calgary. The Deacon of the circus is that Winnipeg is no stronger than last year, that Lethbridge has a strong team on paper, but hasn't got going yet, and that Moose Jaw is the team that needs to be watched.

Overheard in a busy mart of trade: "I hear Jennings is going to have trouble cutting down his pitching staff." "How's that? It ought to be easy." "What would you do?" "Oh, along with the rest of the July fire works. Police—Detroit Times."

HOLDEN AND
RILEY SCRAP

During a Friendly Football Match
Ancient Eggs were Hurlled with
Deadly Accuracy.

The towns of Riley and Holden on the G. T. P. are in the throes of an athletic controversy. Riley had a meet on Friday and with true neighborliness, the residents of Holden went down en masse. The following written by the Holden correspondent of the Towled Standard, gives a graphic account of the pleasant afternoon that was had. It says:

"On Friday many of the Holden people journeyed west to Riley to help in their day's sports there. The chief events of the day were the baseball and football matches. The former between Bruce and Riley and the latter between Holden and Riley. The baseball match was won by Riley. The football was in goals a tie, but in play it was all Holden's game, as the Riley aggregation had only one opportunity during the whole hour to score, and they missed that. In fact the Holden goalkeeper couldn't keep warm and wore mittens during the whole game. The Riley bunch was so sore that they even disgraced their own by throwing rotten eggs at the Holden boys in town after the game. There will be no return match. The Holden boys refuse to associate with such a cheap bunch of sports as are found in Riley. We simply ignore them. They are too contemptible to be even mentioned in athletic sports in Western Canada. It will be a lasting shame and disgrace to Riley to act as they did after inviting a visiting team to a friendly game. Holden believes in clean manly sports and they can produce the goods too. Of course all the Riley people are not included in our contempt. There are a few good people there. But why remain? Come to Holden."

A city baseball league has been formed in Strathcona with the following teams entered: Cyclones, Whirlwinds, Collegiate and the University. Each team must have twelve men signed by Wednesday night.

President Tait paid a tribute to baseball. "The game of baseball," he said, "is a clean, straight game, and it is a tonic to its presence, everybody who enjoys clean, straight athletics. It furnishes amusement to thousands and thousands. I like to go for two reasons: First, because I enjoy myself, and second, because if by the presence of the temporary chief magistrate such a healthy amusement can be encouraged I want to encourage it."

Additional Sport on Page 5

MADE THE RUNS
IN THE FIRST

Eskimos Drop Second Game with
Medicine Hat—Willard Does
Poorly.

Medicine Hat, May 9.—Pitcher Gordon made his debut locally this evening and showed that he could deliver the goods, holding the Deacons' bats down to three hits, which were well scattered. He was well assisted by the Hat hitters, who took a well-aimed streak in the first innings and scored all their runs as the result of a passed ball, a walk, three singles and a double. The score reads:

Edmonton.						
	AB	R	H	P	O	A
Mills, l.f.	4	0	0	1	0	0
Olson, c.f.	3	0	1	0	0	0
Baxter, 1b.	2	0	0	0	0	0
Morse, s.s.	3	0	1	0	0	1
Lussi, r.f.	3	0	0	0	0	0
Brennan, 3b.	1	0	0	1	0	2
Willard, c.	2	0	0	10	0	0
White, 2b.	3	0	0	0	0	2
Dell, p.	3	0	1	0	0	2

Total	24	0	3	21	0
Medicine Hat					
AB R H P O A E					
Surgeon, 1b.	3	1	0	0	1
Bennett, c.f.	3	1	1	2	0
McCart, 2b.	3	1	1	1	4
Zimmerman, 1b.	4	1	2	0	0
Dun, 1f.	3	1	2	1	0
Paige, r.f.	4	0	1	0	0
Harper, s.s.	2	0	0	5	2
Davidson, c.	3	0	1	6	1

Summary.—Two-base hits, Davidson; sacrifice hits, Baxter, Willard, Surgeon; stolen bases, Surgeon 2; Benetti; struck out, by Dell 10, by Gordon 0; bases on balls, off Dell 5, off Gordon 3; passed ball, Willard.

Winnipeg Took Second

Moose Jaw, May 9.—Today's game between the Robins Hoods and the Maroons was Winnipeg's all the way, the latter showing superbly both with the stick and in the field. Bruce started in to pitch for the Robins. He passed two men and with bases filled, he hit fourth man, scoring in a run, but was removed at this stage and replaced by Gilchrist. Gilchrist did fairly well, but was no match for the Maroons. Rossback held the Robins down to a few scattered hits. The score by innings:

Innings:		R. H. E.	
Moose Jaw ..	000 000 1-1 4		
Winnipeg ..	103 120 0-7 4		

Brandon Always Loses

Regina, Sask., May 9.—Regina made out few hits today but they came at the right time and Walters' men won the game from Brandon 6 to 2. It was tricky for good ball making the errors excusable. Grimes outpitched Earl while fast work by Brookins at third for the local team was a feature. Score by innings:

Brandon 100 010 0-2 9 4
Regina 102 003 -6 5 5

Summary.—Stolen bases, Dolzmann, Sullivan, Elsey, Collins, Walters; two base hits, Bires, Hoffman, Letcher; sacrifice hits, Dolzmann, Woods, McNutt; hit by pitcher, by Earl, Walters; bases on balls, off Earl 2, off Grimes 2; struck out, by Earl 3, by Grimes 3; left on bases, Brandon 9, Regina 6; time of game, 1:45; umpire, Smith.

Y. M. C. A. Beat Strathcona

The Y. M. C. A. football team journeyed to Strathcona last evening to play the team of the University City. The game was very one-sided the Edmonton boys winning by a score of 10 to 1. The score at half time 3 goals to 1. The Y. M. C. A. Enep was as follows: Goal, Stockdale-backs, Short, Winstanley, Harris, Tammings, Clark, Door; forwards, Roughson, Newman, Cress, Grant, Lloyd.

President Tait paid a tribute to baseball. "The game of baseball," he said, "is a clean, straight game, and it is a tonic to its presence, everybody who enjoys clean, straight athletics. It furnishes amusement to thousands and thousands. I like to go for two reasons: First, because I enjoy myself, and second, because if by the presence of the temporary chief magistrate such a healthy amusement can be encouraged I want to encourage it."

Lean Men on Team
While in the Western part of this state recently, at a little place called Barney, a sporting news reporter saw a ball game between two nines. The feature was the fact that each team had ten men, the tenth being called "pig tail." The "pig tail" has a time at bat just as the other nine men and, strange to say, has more opportunities for making assists, putouts and errors than any other player. The diamond is of the regulation size and the need of the extra player was no discernible.

He spoke to the captain of one of the teams about it and he replied that around Barney all base ball teams have ten men.

Hasn't Old Uniform

Among the things Honus Wagner has as souvenirs is the first uniform he ever wore on a ball field. The uniform was the property of John S. Robb, Jr., a leading lawyer. Robb used to play for the Carnegie County League team, and Wagner played also. Wagner would not wear a uniform, however. When the rule was made that all players should be uniformed, Wagner sat on the side lines until Robb drove out a homer. The first follow-up was so pleased that he could not keep out of the game any longer. He got Robb to change suits with him behind the backstop and made his first appearance in his stocking feet, but otherwise discreetly and legally clad.

FIGHT WILL BE SEVERE TEST

John L. Sullivan Thinks That it will be a Race Question—Hopes for the Best.

(By John L. Sullivan)
(Ex-heavyweight champion of the world.)

The famous John L. Sullivan is now in England, playing in vaudeville. He will report the Jeffries-Johnson fight for a New York newspaper.

The fight is to be held at Emeryville, Cal., on Indian night. Jeffries, between James J. Jeffries, representing the white race, and Jack Johnson, who now stands sponsor for the fighting qualities of the black man is, to my mind, going to be one of the greatest in ring history.

In England, the universal opinion seems to be that the fight is a race question, and if I am not mistaken, that is the aspect which the fight is assuming in America.

I feel sorry that the match was ever made. I am not biased, but I do believe that the negroes should fight in a class by themselves. Many times in my career, I was urged by my advisers to fight negroes and I always refused. I could have made a lot of money, but it was against my principles to fight a black man.

I believe that the big fight on July 4 will depend upon Jeffries' condition. Jeffries should win easily if he goes into the ring with the same degree of strength and cleverness which characterized his fighting before he retired.

I was about Jeffries' age when I lost the championship to Corbett, and I am well aware that the wheels of Nature are made to roll forward, never backward. The man who undertakes to undo what Nature has done for him, has a job on his hands that he can never handle successfully.

When a man goes out of business for some time and then suddenly re-enters, he takes a big responsibility. However, all we Caucasians must hope for the best.

The Pusan Telegram

He's all swelled up.
Take a pained snarl.
And he looks down with disdain:
Your common dirge—
To him doth eringe—
He has white folks in his train.

Talk not of the pride
Of a hero's stride
Who is honored of the king;
Who is laureled decked;
And medal decked,
And whose praise all nations sing.

Talk not of applause
For worthy cause
Of smashing two base hits,
Which the bases clears
When the game's in its teens.
And is fought out bit by bit.

Each of these
Is a modest chase
Compared to the son of Ham,
Whom Johnson sends
His reg-yards to friends
In a pusan telegram.
—By Heck.

Great is Grimshaw

Grimshaw, who was the leading batter in the eastern league last season, has made another great start this season. The Toronto outfielder has taken part in all of the ten games played by the Maple Leafs so far, and during that time has made fifteen hits out of twenty-three times at bat, giving him an average of .530. In one game he made three hits out of four times at bat; and in three other games he made two hits out of three times at bat. His record includes two three base hits and three doubles.

Calgary Gets Good Pitcher

The Calgary baseball team has signed up Pitcher Paddock of the Vancouver Beavers, and now the team is complete. Paddock is a very promising man and pitched the season with Vancouver last year. He pitched 23 games and played 53 games in all. He pitched over the 200 mark, which was not so bad in the North-Western, particularly for a man who gets his pay check for flinging the ball. He pitched in the opening game with Vancouver. With Standridge, Goshan, Manning and Paddock, Calgary will have a very strong pitching staff.

Hide Their Shoes

Edward Payson Weston's purpose in dragging his horses across the continent was, we are told, "to demonstrate to the American youth what a healthful exercise walking is." All of which is noble and unselfish on Mr. Weston's part. Still, if you have any American youth under your immediate charge who shows symptoms of a desire to emulate Mr. Weston your first plain duty is to hide his shoes.

Cobb gets away with an illegal batting feat in nearly every game. He stopped square out of the batman's box and swung at one of White's curves yesterday, but fouled it. Umpire Kerin went through the motions of drawing a line to mark the limit to which Ty could step. That is about all any umpire ever does in such cases but the rule is plain that the batsman is out.

DANGEROUS CLAUSES IN INTER-URBAN AGREEMENT

(Continued from page one)

the city will grow, and in my estimation if they get this agreement with

the city through, they will be able to prevent us from ever extending our street car system outside of the present limits so that we will be able to make those extensions pay.

"We expect the city to grow, and to grow rapidly. Yet in spite of that we are actually thinking of leaving this company get what amounts to a virtual monopoly of all the territory that will be annexed to the city in the future, as far as electric railway lines are concerned."

Perpetual Franchise in City Limits

According to the new draft of the agreement, the city is also depriving themselves of the right to ever stop the radial railway from using some of the city's lines. In the first draft of the agreement, this clause was inserted:

"The corporation may, at any time after twenty-five years from the date of this agreement, upon giving two years notice in writing to the company, cancel this agreement or modifications thereof, but in such an event shall permit the Company to have other reasonable means of access along streets or lanes to their terminals on terms to be agreed upon, and in the event of the corporation and the company being unable to agree the matter in dispute between them shall be settled by the railway commission."

This clause is now left out of the agreement.

Why it Was Left Out

The Capital called up one of the members of the special committee that is preparing this agreement with the company, and was told that the reason this clause was struck out was so that at the end of every five years there could be modifications of the agreement and yet there would be no

chance of the city losing the company as a customer of their lines.

The only clause in the new agreement that has any reference to "five years" reads as follows:

"The percentage on the net cost chargeable to the company, now fixed at ten per cent., may be subject to be increased at the end of every five year period on demand of the corporation, provided that the same shall be just and reasonable having reference to the business done, and if the corporation and the company cannot agree on an adjustment the matter is to be referred to the railway commission."

Citizens Don't Like It

It is these two things that are worrying Ald. Armstrong. He is confident of the fact that the city will pay heavily for this agreement and he thinks he has located the weak points.

Hurt City's Railway

"Why," said Ald. Armstrong, "this company practically showed their hand in the legislature, when they tried to get their act of incorporation through, but which we fortunately had killed in committee. In that bill they tried to get the right to run over any public roads that they thought necessary, and also to at any future time to lease or sell out their line to another company."

"The street railway is the only franchise that the city owns that may be expected to be a revenue producer. All the other public utilities are only supposed to be self supporting, as if they have a big surplus that will be used to lower the rate to the consumer. Now if we give a perpetual franchise to another company, to by lines outside our present city limits without having any provision for acquiring them later on, we will have such an opposition to our street railway as will prevent it from ever paying."

"Take that clause about the city

building connecting lines for the company. It says:

"Until such time as the corporation shall use the connecting lines, the company shall pay annually, as a rental, an amount equal to the fixed charges thereon, and so on. Then it says that when the city decides to use these lines, the cost shall be based on a 100-mile charge."

"How long do you suppose it will be before the people who live along these connecting lines come to the council and demand that we have the city's cars run over them. They will say the tracks are already laid, and they ought to get the benefit of them. Then the city starts using them. And from that time on, even though we may have to operate our cars on these lines at a loss, the city will be paying about nine-tenths of the cost of building the tracks, and the company about one-tenth, as that would be about the proportion of cars run."

ASKS TO BE ARRESTED

Wealthy Man Wants to Clear Himself of Burglary Charge.

La Crosse, Wis., May 10.—John E. Turnbull, member of the county board and a well-to-do retired merchant, has requested the district attorney that he (Turnbull) be arrested and prosecuted on a charge of burglary.

On April 27th the store of John Pietz was entered, and Pietz, who purchased the store from Turnbull, charged Turnbull with intent to rob. After an investigation, during which Turnbull was detained in jail, the charges were proved insufficient and Turnbull was released.

Following gossip that he had bought officers to win his release, Turnbull now demands a trial to establish his innocence.

CROPS WILL BE NORMAL

Michigan Orchards not so Badly Damaged by Frosts.

Traverse City, Mich., May 10.—Accurate reports from practical men in fifteen counties in Western Michigan, made at today's meeting of the western Michigan development bureau, show that the fruit crop will be normal and in some cases better than the average despite the recent frosts. In no case was there a discouraging note heard, and the result of the roll call of counties has greatly pleased growers and shippers of the whole section.

Earlier reports as to the damage to cherries are modified by later and more reliable returns, and the most that can be said of the damage is that in some limited districts it may reach ten per cent. Some growers say a little more frost would have aided in thinning out the blooms and would have been more satisfactory in some respects.

The counties answering the roll call and reporting as to the fruit crop conditions are Antrim, Benzie, Charlevoix, Emmet, Grand Traverse, Kalamazoo, Kent, Lake, Leelanau, Manistee, Mason, Newaygo, Oshtemo, Oseola and Westland.

Mayor Fined for Spitting

Memphis, Tenn., May 10.—Mayor Edward H. Crump was fined \$5 today for spitting on the sidewalk of the new \$200,000 court house. Mayor Crump, who was inaugurated in January last, recently started an anti-spitting crusade, and ordered police officers to arrest any one spitting on the streets and on the floors of street cars and public buildings.

Facts About Our Clothing

Style Must Be Built into Men's Clothing

Otherwise it is about as satisfactory as a house built on the sands.

A clever man with a hot iron can put shape into a coat, but cannot make it stay.

Hand-work, pulling and shaping and firm stitching—is the only method discovered to date of making men's clothes that will look right from start to finish.

We could write a book about the hand-tailoring in the Acme clothing. But it is much more satisfactory to actually show it to an interested man. May we have the opportunity?

FIT-RITE SUITS for men, made of fine English worsted and Scotch tweed, the essence of good style, every seam is silk sewn and cut perfectly. The style, the fabrics and the designs are warranted the very latest. Prices up to \$32.50. **\$15.00**

RAINCOATS in dark or light colors, very latest styles, double collars all reaching to the required Acme standard as regards material and workmanship. Prices up to \$25.00, from **\$15.00**

We are showing a nice line of Auto Coats, or light dressers for driving. **\$2.00**

Prices up to \$3.00, from **\$2.00**

Special Line of Fine Sample Shoes at 1-3] Off Regular Prices

The lines consist of Men's Fine Bench Made Shoes in Patents, Golf and Vices. Ladies' Bluchers, Oxfords and Slippers in a variety of new lasts.

A special line of men's Viscolized water-proof shoes in black and tan, special price **4.95**

Ladies' Fine Patent ankle straps **\$3.00 to 4.00**

"Chocolate and tan straps **2.25 to 4.00**

"Easy Kid hand-sewed house slippers, one strap **1.50 to 1.75**

Men's fine patent kid, kangaroo and calf bluchers, bench made, oak stock. The best wearing shoe the market affords. Moderate **5.00**

NEW YORK PATTERN HATS AT HALF PRICES

The greatest hat sale of the season so far; far better styles than ever offered before. This is a sale featuring only the very latest and smartest effects in trimmed hats—that are authoritative in style and distinctive in appearance. In a word, these hats are simply perfect in style and adaptability for early summer wear. Two descriptions follow:

Pressed Leghorn in Colonial shape, trimmed with fine maline cream wings of embroidered lace, and buckle of Old Gold set with Rhine Stones. Reg. \$35, for **17.50**

Napoleon Hat made of best quality silver cloth trimmed with white tulle, rosettes of roses in pastel shades, wreath of forget-me-nots and tiny white roses. Reg. \$20 **10.00**

We desire also to call your attention to an unusually broad and comprehensive showing of smart little hats for girls and misses. (2nd Floor)

We Are Now Reducing Ready-Made Garments

Our styles are the latest creations from the leading tailor shops of New York. The reasons why we are the leaders in this city on ready-made are: We use only the best fabrics; we sell only stylish designs which our customers may know are right; we allow no one to buy a garment that does not fit perfectly; and we put prices on them that compel you to buy.

Suits in all latest spring shades of greens, blues mustard and novelty mixtures of two shades of grey and mauve, and blue and tan, in chevrot, serge, diagonal serge and hand finished mannish cloths. Jackets have roll collars handsomely braided over silk same shade as cloth, and lined with best silks and satins. Some of the others are plaited from waist line straight down, others have the side and inverted plaits with tunic effect. All are perfectly tailored, showing best of workmanship and are made to order for the Acme's exclusive trade. All sizes. Regular \$35.00, \$40.00, \$45.00 and \$50.00.

Sale \$24.50, \$29.50, \$32.50 and \$33.50

About Town

Mrs. J. B. Mercer will receive on Thursday, May 12th, for the first and last time this season.

"For Victoria Day the Canadian Pacific Railway announce a rate of fare and one third for the round trip. Tickets will be on sale May 21st to 24th inclusive, final return limit May 26, 1910."

In view of the financial disturbances that have resulted owing to the death of King Edward, the commissioners have decided to extend the time for receiving tenders for the city's debtors until May 23rd. The original date was fixed for tomorrow.

The directors of the Edmonton Exhibition held a meeting in the Association rooms last night, when a color scheme of white buildings with green roofs, was decided on. The plans for the dairy and poultry buildings were discussed and finally referred to the building committee.

The Percheron Horse Society of America have presented to the Edmonton Exhibition Association seven gold and seven silver medals, with \$115 in cash, for the coming exhibition, and also a handsome silver cup valued at \$100, for the champion stallion and four mares.

The Women's Christian Temperance Union will hold a Mothers' Meeting tomorrow afternoon at three o'clock in the Y.W.C.A. parlors on Third Street. Mrs. E. E. Marshall will give an address on the relation of children to the church and home. All mothers who can attend, whether members or not, will be cordially welcomed.

At a meeting of the Independent Order of Foresters held last evening in the Mechanics Hall, the following committee was appointed to make full arrangements for holding the provincial court here on May 27th: Chief Ranger W. J. Webster, Chief Ranger D. McManus, Philip Umbach, P. W. Abner, R. W. R. Armstrong and J. A. Kinney.

George P. Filer of Rochester, N.Y., who has the contract of supplying the city with shade trees arrived in the city yesterday and is a guest at the Castle hotel. Mr. Filer states that a carload of trees will be on hand today and he will start immediately to lay them out on the streets prescribed by Commissioner Bunchart. The nursery stock is all good sized trees and when properly laid out, will improve the appearance of Edmonton greatly.

Famous Detective Dead

New York, May 10.—Thomas F. Byrnes, formerly superintendent of Police of New York City, but more famous for his work in the detective bureau, is dead at his home here from chronic indigestion, after an illness of more than two years. He was sixty years old.

Practical Church Union

Winnipeg, May 10.—Church union, which is as yet apparently in the distant future in Canada, is an accomplished and successful fact at Medicine Hat, Sask. Owing to conditions the various denominations in Medicine Hat together and agreed to erect a church under one ministry, where they could worship in common brotherhood. The movement started eighteen months ago and the sentiment has grown steadily while the spirit of loyal co-operation. The church, which has just been opened, seats 400 and cost \$7,000. The congregation includes Presbyterians, Methodists, Baptists and Lutherans. Rev. John Reid, late from Ireland, is pastor.

How for fun. A pleasant drive behind one of Horner's Livery outfits is sure to do you good. Phone 1234 when you need one.

Two Panama Specials

Men's Panama Hats in most popular shapes. Made in England, and of the genuine panama fibre, unbleached, so the life of the fibre is not injured by the bleaching process. All hats guaranteed and equal in firmness of texture to \$15 hats. SPECIAL \$9.00

WM. SUGARMAN
Where the Good Clothes Come From

EVEN COWS WON'T DRINK THE PIGEON LAKE WATER
(Continued from Page One.)

posal have so changed since your engineer made his recommendation on the strength of which the city authorized the expenditure of \$300,000 for a long out sewer and \$5,000 for land for sewage disposal works, that the construction of this sewer is, in my opinion, unnecessary. In its place, however, you must construct a sewer leading directly from the present terminal of the Rat Creek sewer to the river.

"In my opinion there is available sufficient land near the mouth of the proposed new outlet for the disposal of the sewage of practically the entire city in a manner that will make the effluent comply with the provincial health act. If the experimental plant to be built at Strathcona meets with the expectation of its designer, Mr. R. B. Owens, the provincial sanitary engineer, even a high standard of excellence will be obtained at a moderate cost. The consent of the engineer of the province of health has been secured to the modification of the plan herein referred to which means a saving to the city of over \$100,000.

Sewer Will Be in Tunnel
"The city engineer is making test borings along the line of the new sewer. It will be built in a tunnel and can, therefore, be constructed during the winter with equal facility, thus affording employment at a season when such employment is most needed."

CANADIAN WRITER KILLED

Was Run Down by a Mail Wagon in Chicago.

Chicago, May 10.—A man run down and killed by a mail wagon here Saturday was identified today as Frank H. Brock, a Canadian writer and editor. He was a nephew of General Isaac Riley Brock of Canada. Two daughters living at Fort William, Ont., survive him. Mr. Brock was formerly editor of two Canadian periodicals published in Chicago, until recently he was connected with a newspaper in Peterboro, Ont.

C. N. R. to Sudbury

Port Arthur, Ont., May 10.—The new route laid out for the extension of the Canadian Northern Railway east from Port Arthur to Sudbury, on which engineers have been at work for several months, is proving to be much more favorable to railway construction than hoped for. The divide between Port Arthur and Newagen is crossed at an elevation of 220 feet lower than where it is crossed by the Canadian Pacific Railway. This insures a four-tenth grade, which practically means that double the load can be moved with the same motive power. The line will probably skirt the shore for some distance along Thunder Bay.

Japan Mourns Late King

Tokio, May 10.—Japan, as Great Britain's ally, has received the news of King Edward's death with profound sorrow. The press is unanimous in its expressions of grief and in declaring that the death of King Edward is a severe loss, not only to Great Britain but to the cause of peace and humanity throughout the world. The papers were black bordered and devoted columns to eulogy of the late King.

Millions for Pensions

Washington, May 10.—In less than fifteen minutes the Senate passed the pension appropriation bill, carrying about \$15,000,000. Senator Squire, who was in charge of the bill, stated that henceforth there would be a rapid falling off in the amount required for the payment of pensions. He said that 31,000 pensioners had died last year.

Seats in U. S. Senate

Chicago, May 10.—"I believe that fifty per cent. of the seats in the United States Senate can be said to have been practically purchased." This statement was made here today by former United States Senator Wm. E. Mason in the course of an interview in which he pronounced him a degenerate morally, but sane. Counsel for Ross are now making efforts to have a new trial.

Commission Is Refused

North Bay, May 10.—The Minister of Justice has refused to appoint commission to look into the sanity of Walter Ross, condemned to die on May 21st for the murder of Percy Parkinson, his chum. The doctors have pronounced him a degenerate morally, but sane. Counsel for Ross are now making efforts to have a new trial.

French Election Returns

Paris, May 10.—Practically complete returns from the recent elections indicate that the present complexion of the new chamber of deputies will not be greatly changed from that of the preceding body. The Radical and Socialist groups again will have an overwhelming majority, although a shifting within those groups is interpreted as affording a distinct check to ultra radicalism.

Bachelor Left Millions

Minneapolis, Minn., May 10.—The will of E. H. M. Stewart, an eccentric bachelor millionaire who died recently, was opened today.

The document bequeaths \$50,000 for the home for aged women of Minneapolis, a similar amount to the home of the Little Sisters of the Poor of Minneapolis, and \$50,000 for a memorial library at Corrianna, Minn.

The balance of the estate, which is estimated at \$600,000, is divided among relatives and friends living in Maine, Massachusetts and San Francisco, Cal.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Miss Jessie Davidson of Darpland is visiting with friends in the city.

The fire brigade had a call to the West End of the city yesterday about 2 o'clock, but it proved to be a false alarm.

The water works system is being installed along Seventh street north and east from the entrance to the University grounds.

Work has been commenced on the residence of Premier Rutherford near the University grounds. Contractor T. Richards is overseeing the putting in of the concrete.

The Variety baseball club held a meeting last evening. It was decided to enter a team in the city league. Suits are to be ordered at once. These will be in the University colors, viz., a dark green suit with old gold letter V on the breast.

The Kootenay marble for the university dormitory is being transported from the C. P. R. to the University grounds. Bricklaying on this building will commence early next week. The grounds are being cleared and that part between the main building and the river bank has been broken in for the campus. The bush between the main building and the dormitory is also being cut down and cleared away. The place which only a year since was a tangled mass of bush is being rapidly transformed into as fair a place as one could wish to see.

Departmental Examinations.

The Department of Education has arranged for the departmental examinations for Standards V and VI, to be held in the various centres on June 27, 28, 29, 30. The department will endeavor as far as possible to have the candidates of each school write at the most convenient centre, and each teacher when making application is requested to state which of the following centres: Edmonton, Vegreville, Vermilion, Tolfield, Viking, Wainwright, Strathcona, Leduc, West-Edmonton, Camrose, Didsbury, Carstairs, Calgary, Banff, Gleichen, Medicine Hat, Okotoks, High River, Nanton, Lethbridge, Taber, Raymond, Cardston.

Yukon Letters Less

Ottawa, Ont., May 10.—As the result of representations made to Postmaster General E. J. Condon, M. P., the charge made for postal orders to the Yukon has been reduced to the same rate as the rest of Canada. Hitherto the rates have been double.

Donald McKenzie of Nelson, B. C., is spending a few days in the city renewing acquaintances.

Mrs. E. K. Broadus of this city will give an address entitled "A Group of Old Ballads" tonight at the Y. W. C. A. at 8:15. All women and girls are cordially invited. No admission fee.

At the Epworth League meeting in the Methodist Church last evening Rev. J. M. Miller gave a very interesting talk on "Missionary Work in B. C." to a large audience of young people.

In the police court today the case of the Crown vs. Holden received its preliminary hearing before Magistrate Downes. Holden was committed for trial on Tuesday next. N. C. Wilson of Lavelle, Albion & Wilson appeared for the defendant.

The football game between Strathcona and the Y. M. C. A. resulted in a win for the latter by the score of 5 to 1. The game was only a fair exhibition and the play was ragged in spots. However, there were very few spectators present, which certainly does not add anything to the enthusiasm of the players. The line up of the Strathcona team was:

Darke, Young, Emblin, Forrester, Taylor, Andrews, Atkinson, Kent, Jones, Fritchard.

GOOD BILL AT THE EMPIRE.

The Empire Theatre present an unusually good bill this week. The big feature was Arnold's trained leopards and panthers, who looked very ferocious but in spite of this did some interesting tricks. They and their trainer had the audience sitting on the edge of their seats before the bill was over. Gordon and Henry are two clever dancers and give a first class dancing act which is not improved at by their singing. Courtney and Courtney are eccentric enough to keep the audience laughing a good part of the time.

Edwin Keough and Helen Nelson present a sketch entitled "A Vaudeville Surprise," which is much above the average of similar acts which come this way. Joe Morris, Hebrew Comedian, is one of the weak points of the bill. Some of the songs are a bit broad. Miss Edith Wall sings "Love Me as Romeo Loved Miss Juliet." The Empirescope is interesting.

Western Realty Co. Limited

257 JASPER AVE, EAST EDMONTON, ALTA.

KILLED BY HIS WAGON

J. B. Dickie, Farmer, Fell Underneath the Wheels.

Paris, Ont., May 10.—Isaac Brock Dickie, aged 55 years, met a terrible death yesterday at his home in Brantford township. He had just finished putting a load on the manure spreader when the horses started and in attempting to save himself from being crushed against the wall of the barn he fell and a wheel passed over his chest. He died in a few minutes.

The Drug Habit

Richmond, Va., May 10.—The most drastic and important action on the part of the American Pharmaceutical Association since that body convened was when the convention, as a whole, placed itself on record as advocating the abolition of alcohol as a commodity of sale in all American drug stores and earnestly urging the elimination of all traffic in what it terms "habit-forming drugs" as harmful to public morals and detrimental to the best interests of the American people.

TENDERS

TENDERS will be received up till noon the 13th day of May, 1910, for the stocks and fixtures of Norman Culp, insolvent, doing business at Wainwright and Wolf Creek, Alberta. Stock at Wainwright consists of Clothing and Furnishings, \$2,442.30; Boots and Shoes, \$500.98; Fixtures \$328.85. MONEY TO LOAN

on Farm Lands or approved City Property.

ROLFE & KENWOOD, Jasper ave.

HENRY CLAY.

CLAY LETTERS!!!

Have you realised, sir, that you can secure one of the shares in WESTERN CLAYS LIMITED for \$10.00 cash down with your application, \$15.00 on allotment and the balance of all that the directors expect to call for, viz : \$25.00, in three months.

What does this mean ?

It means that you can take part in starting a new industry for the Twin Cities which will have no competitor in Western Canada.

It means that employment will be given to more men and the monthly pay-roll of the Twin Cities will be increased permanently by a very considerable amount per month.

It means that you will be a part owner of a business which will pay, according to the estimates of men who know what clay businesses are, ONE HUNDRED PER CENT PER ANNUM.

It means that you will be a part owner of property valued in the raw at over seven times the capital invested in the company.

It means that for every one hundred dollars invested now in this business you stand for ONE THOUSAND DOLLARS inside ten years, and after that you have not sold your property but have it to go on yielding you dividends each year.

If you wish to know more of this, ask at the temporary offices of the company, Lundy & McLeod's, 118 McDougall Avenue. Phone 2045.
